

PYS Meeting Minutes- May 15, 2025:

The meeting was called to order at 7:28 PM.

New Balance is \$5,376.71

Old business:

- Stand Clean up: Chris has started painting the stand. We have water. We are waiting to hear about our drainage. We have a French drain, so it just drains into the ground instead of into the sewer system. It is not working properly because we should not have flooding in the stand after 2 to 3 minutes of running the water in the sink.
- U12 Goals: We have not gotten them yet (The size of them is 6 ½ by 18 ½). Chris is going to see what it would cost to make a goal as he has a friend who has access to welding equipment.
- Practice Schedules: They are out. All coaches have sent them to their teams, and they are practicing. The fields are currently used Tuesday through Friday so if anyone wants to add a practice Mondays are open.
- Clearances for coaches: All coaches have their clearance completed.

New Business:

- Field Conditions: The borough will cut our grass only. The rest is up to us. We are currently looking into different companies that can do the treatments. We have 2 donations set up to help us with the field cost.
- We are allowed to remove the pitcher's mound; we just have to save whatever is underneath it.
- Crystal and Cherie went to the council meeting. Crystal got up and asked about additional space for our U14 team as they are the only team that can't have any home games because we don't have space. Crystal stated that we were looking to use Ash Diamond behind the post office. A council member questioned if the U19 had played at community field before when the other teams were there. It was stated yes. Crystal advised that we could play on the U12 field for U14 when it was 9 v 9 but the league has opted for 11 v 11 games and the U12 field is too small. They talked about maybe having the U14 play at state street. Another council member said what about the football field, it was questioned about the size of it. Alexis noted that Justin had stated that it was big enough because he did the lines for football. We were then told that there must be conditions because even though Plymouth and Ed/Lark merged and they are supposed to be using Ed Larks field, they will still be using the field for competitions. There was a discussion about scheduling. Which Crystal, our president and Kenny Thomas, the football president have been working together. There was a phone call made advising said president of the football advising that we are trying to take the field.
- Tom Hogan would like to sponsor a team for Fall. We are looking for other sponsors as well. If we get enough sponsors, we will be getting new uniforms

- Lottery Ticket MUST be turned in by May 23. If they are turned in after they will not count.
- Pierogi Fest – June 13th and 14th. We will be participating. Tara will be able to work Friday. This will be our only IN PERSON registration for Fall. All others will be done online. Fall registration is currently open.
- Changing spring fees. We are Tabeling it to do more research.
- Looking for an indoor space. Crystal asked about armory, but they think you have to pay the person there \$40 an hour during the time you are there. If we use WVV property we have to pay the staff for the time we are there as well.
- Murder mystery was canceled.
- We still have tickets available to our June 6th comedy show. \$25 a piece.
- Summer soccer events for kids. We are having a separate meeting to plan that out, but Coach Dom, Coach Justin and Coach Tara have already signed on.
- Make up Pictures, May 23rd 5:30 pm our field. If raining #2 fire hall next to first keystone bank. THIS IS THE ABSOLUTE LAST PICTURE MAKE UP!!
- We are purchasing a lock box for the keys and important invoices we need

Knoebels:

- June 21st 2025
- Pavilion P
- Players, Coaches, Board Members – we cover meal ticket and ride tickets for kids
- Parents, siblings of player can purchase meal tickets if they like. They are 13.50. It includes hot dog, hamburger, baked bean, macaroni salad, chocolate chip cookie, and drink. You can also purchase discounted ride tickets- \$20 in tickets for \$17, they can be purchased at the stand.
- We will need a head count no later than June 1st. You will have to provide the number of people you have attending. How many meal vouchers and if you want extra rides tickets

Next meeting: TBD
